

## **A warm welcome back to Term 2**

We hope that your child/ward had a good break and enjoyed their bonding time with family and friends during the March holidays. As we start the new term, I hope all Eliasians, especially the Lower Primary students, are well-settled into their routines. In the lively and exciting Term 1, our school community came together to have key events such as our Bonding Week, Parents' Engagement Webinars, Chinese New Year Celebrations, Total Defence Day Commemorations, Assembly Programmes and Channel News Elias.

## **Updates on Character and Citizenship Education (CCE)**

The Character and Citizenship Education (CCE) develops the right values and dispositions in our children to navigate the complexities of today's fast-changing social paradigm – both online and offline. Goals of CCE aim to develop Good Character, Resilience and Social Emotional Well-Being, Future Readiness and Active Citizenship.

CCE has been further integrated into key student development experiences like CCAs, Education & career guidance, NE commemorative days, Values-in-action, Outdoor adventure learning cohort camps and Student leadership development. These learning experiences are authentic, relevant and purposeful. Students will learn to manage their personal well-being, gain awareness of mental health concepts and help-seeking behaviour, develop empathy and care for others. Cyberwellness lessons will be taught through interactive video discussions which provide opportunities for student voices.

There will be greater emphasis on teaching of moral values through cultural stories, songs, idioms, and proverbs which are unique to each Mother Tongue Language (CCE MTL). During the weekly Form Teacher Guidance Period (CCE FTGP), students participate in reflections/ discussions to strengthen their socio-emotional skills, peer and teacher-student relationships. As part of family education, we seek your continual support to participate in CCE home activities and reinforce our shared CCE messages.

## **National Schools Games (NSG)**

EPPS is committed to the holistic development of our students. This includes nurturing our students in different domains, such as participation in physical activities and sports. The NSG is currently on-going for our table-tennis teams.

For the Volleyball Senior Division, our students had performed as follows:

Senior Boys - League 2, 8th position

Senior Girls - League 1, 6th position

The NSG Volleyball Senior Division comprises 3 leagues with league 1 being the top and league 3 being the lowest league. There are 8 teams in each league.

## School Leaders' Kopi Connect Session with Parents

Our annual Kopi Connect sessions provide the opportunity for parents/guardians to interact with our school management team. Depending on the class level of your child, these focused group discussions will be conducted between 16 and 19 April 2024. They enable the school to seek feedback and/or suggestions on our holistic student experiences / programmes. Interested parents/ guardians are invited to register at <http://bit.ly/eKopiConnect>. We look forward to your active participation and hope to work in partnership with you to bring out the best in every Eliasian.

Yours sincerely,

# A IMPORTANT ANNOUNCEMENTS

## 1 MOE Cyberwellness Resources for Parents

MOE shares tips and strategies throughout the year directly with parents on supporting their children in their education journey via platforms such as the Parent Gateway app, official MOE social media and 'School Bag' education news site. In the coming months, MOE will be sharing resources on topics such as transitioning to new education stage and caring for our student's well-being.

The cyberspace provides our students with a vast amount of information and learning opportunities. In the first term, the focus was on providing useful Cyber Wellness resources for parents to support and guide our students in navigating the cyberspace safely and responsibly.

Instagram posts on @parentingwith.moesg shares tips on how to support our students through some of the challenges they may face online. Parent Kit issue on the PG app on 'Raising a Digitally Smart Child' shares tips and resources on practicing appropriate device usage, managing over-reliance on devices and ways to handle cyber-bullying. Parents may tap on this resource to provide parents with tips for home-based learning.

Additional resources from external agencies like Media Literacy Council and S.U.R.E. by National Library Board to support our student's digital journey may be found from <https://www.moe.gov.sg/education-in-sg/our-programmes/cyber-wellness>

## 2 Modes of Communication

Parents Gateway (PG) is the main platform for communication between school and parents.

Developed by MOE and GovTech, PG app allows for parents:

- to provide consent/ acknowledgement for programmes and exam matters
- to make bookings for MTP sessions
- to make any travel declarations
- to keep previous PG messages for easy reference

Parents will receive information mainly through this platform and we encourage parents to check the PG app regularly and **set up a notification system within the app** so that you do not miss out on important information.

We also encourage you to use the Student Planner as a means of communicating with the teachers to monitor your child's/ward's progress. Besides reflecting the homework given to your child/ward each day, the school planner also allows teachers and parents to keep in contact.

### **3 Reporting & Dismissal Time**

All students are strongly encouraged to be in the Hall by 7.25 a.m. Flag raising ceremony will start punctually at 7.30 a.m. Students are encouraged to arrive earlier to enjoy their silent reading time.

Please note that dismissal is at 1.30 p.m. daily. Parents/Guardians should check with their child/ward and/or on PG notifications, to know if they have after-school activities such as CCAs or remedial lessons.

Curriculum time is precious, and students should not miss lessons where possible. If there are urgent matters in the family that require your child's absence from school, please inform the school and/or Form Teachers in writing. Your request will be subjected to the school's consideration and approval. When your child's/ward's leave application is approved, students should be prepared to put in more effort to catch up on their assignments. We seek your understanding to partner the school in this matter.

### **4 Student Well-Being and Safety**

Our Student Planner also contains important information on safety for all Eliasians. Please spend some time going through the safety information in the School Planner with your child/ward and reinforce the key points with them.

To ensure orderly dismissal, we appeal to parents/ guardians/ care givers not to obstruct student movement, and to practice social distancing when waiting outside all the school gates. We would also appreciate if you could train your child/ward to look out for the right person to accompany him/her home and not to follow strangers or their friends. If your child is unable to find his/her caregiver during dismissal, he/she should go to the General Office for assistance.

We would like to appeal to all parents who drive their child to school to use the designated covered drop-off/pick-up points located near Blocks 517 and 504, Pasir Ris Street 52, during peak traffic periods. This will ease the traffic congestion at Gate 1, main entrance to school carpark.

### **5 Consent for Photography & Video-Taking**

Please note that photographs and video images of parents/ guardians and/or your child/ ward may be taken during lessons, CCA, school camps and events. Parents are deemed to have given consent for the school to use and publish such photographs and/or video recordings in school publications, the school website, social media channels and other communication channels.

Please be assured that any personal data received by our school is managed according to the MOE Data Management Policy and Guide. Should you have enquiries, please write in to [epps@moe.edu.sg](mailto:epps@moe.edu.sg) for clarification.
